

# BCCIC Strategic Plan 2018-2021

## VISION

British Columbians are engaged in global collaboration for a just, equitable, socially inclusive, and sustainable world.

## MISSION

As a network, BCCIC facilitates and engages its members and British Columbians to build relationships, share knowledge and develop capacity towards achieving sustainable global development.

## GOALS & POSSIBLE ACTIONS

# 1

### Member Engagement

Enhance the network's ability to share and collaborate internally and engage externally with its provincial, national and international stakeholders.

1. Continue to enhance membership connectivity
2. Involve staff work and board support
3. Enhance chapter development and involvement
4. Support member to member partnership
5. Link students with member-offered opportunities
6. Continue to create and support capacity building opportunities
7. Support the access to \$100 million Canadian Civil Society fund
8. Develop and pilot an online membership discussion/sharing portal
9. Celebrate member successes

## 2 Membership Recruitment

Expand network membership reflective of the Istanbul Principles and BCCIC's Mission and Vision.

1. Define membership types, benefits and responsibilities
2. Review types of membership for expansion/inclusion
3. Explore possibilities for membership promotion
4. Explore relationships with youth, First Nations, diaspora and academic institutions

## 3 Relationship with Private Sector

Strategically explore BCCIC's relationship with the private sector.

1. Explore opportunities and challenges
2. Engage on cross sector SDG themes
3. Explore possibility and implications of funding opportunities
4. Develop white paper on CSO-Private Sector engagement
5. Build on expertise of current members

## 4 Organizational Sustainability

Solidify and diversify funding for BCCIC to increase resilience and sustainability.

1. Develop an organizational strategy to support sustainability for the BCCIC office and the network
2. Accumulate financial reserve
3. Explore a range of new financial opportunities
4. Explore our role in the \$100 million Canadian Civil Society fund
5. Create a sustainable internship program
6. Support a sustainable workplace
7. Engage with provincial government

## 5 SDG Activity

Support capacity of the BCCIC network, stakeholders, and the province to enhance implementation and measurement of SDG activity.

1. Engage at municipal, provincial, national, international levels
2. Explore the SDGs as a public engagement opportunity
3. Support and explore partnership and collaboration in the context of the SDGs
4. Support and engage stakeholders for capacity building
5. Engage with SDG stakeholders
6. Bring the SDGs into policy discussions
7. Promote connection between local and global

## 6 Policy Engagement

Create and implement a BCCIC policy strategy to enhance overall engagement and network's voice in policy.

1. Develop and adopt policy strategy
2. Convene discussions within network around policy developments and their impact on members and other stakeholders
3. Conduct policy analyses and develop recommendations reflective of network needs and interests, consulting with members as needed
4. Engage at municipal, provincial, national, international levels with relevant ministers and governments
5. Hold policy consultations
6. Build capacity in NGOs to read, understand and write policy
